

Silver Cover

PARTS COVERED

The following specifically listed components are Included against any Mechanical Breakdown occurring during the Warranty period, provided that the terms and conditions of this Agreement are fully complied with.

Any component not listed is specifically Excluded.

Engine

The rocker assembly, including hydraulic followers, inlet and exhaust valves (not burnt valves), springs and guides, cylinder head (not cracks, de-coking or porous heads), cylinder head gasket (except skim), push rods, camshaft and followers, timing gears and chains (excluding tensioners and connected electrical devices), oil pump, pistons and rings, cylinder bores (excluding cracked or porous bores), con rods, gudgeon pins and bearings, crankshaft and bearings, inlet manifold, flywheel and ring gear. **Timing belts are included provided that the last due change of belt has taken place as specified by the manufacturer's schedule (proof required).**

Manual gearbox

Internal gears, synchromesh hubs, selectors, shafts, bearings and bushes and transfer gears (excluding oil leaks).

Automatic gearbox

Internal shafts, gears, clutches, brake bands, valve block, governor, oil pump, bearings and bushes, servo, drive plate and transfer gears (excluding oil leaks).

Torque converter

Failure of any internal mechanical parts.

Continuously variable transmission CTX

Internal clutches, planetary gears, reduction gears, shafts, variable pulleys, thrust link drives, internal seals, bushes and bearings.

Differential

Internal crown wheel and pinion, gears, shafts, bearings and bushes, thrust washers and spacers.

Clutch

Centre plate, pressure plate, release bearing, oil contamination (centre plate only) and master and slave cylinders.

Front-wheel drive

Drive shafts, including constant velocity joints, universal joints and couplings (not gaiters).

Wheel bearings

Front and rear wheel bearings.

Propshaft

Universal joints and couplings.

Rear-wheel drive

Half shafts, rear-wheel external drive shafts, including constant velocity joints, universal joints and couplings (not gaiters).

Fuel system (diesel and petrol)

Carburettors, automatic choke, lift pump, mechanical or electrical fuel pumps and tank sender unit.

Fuel injection system

Throttle body, airflow meter, idle control valve, cold start valve, warm up regulator, overrun cut off valve, throttle potentiometer, fuel accumulator, pressure regulator, map sensor (except injectors and heater plugs).

Engine cooling system

Radiator, oil cooler, heater matrix, water pump, viscous fan coupling, thermostat and thermostat housing.

Steering (including power assisted steering)

Steering rack and pinion (not gaiters), steering box, power steering rack and pump, power steering reservoir and idler box.

Front and rear suspension

Hydroelastic displacers and hydropneumatic spheres, coil springs, upper and lower wishbones and ball and swivel joints.

Brakes

Brake master cylinder, wheel cylinders, restrictor valve, brake calliper seals and servo.

Electrical system

Starter motor and solenoid, including pre-engagement mechanism and bendix drive, alternator/diode pack, coil voltage regulator, window and sun roof motors, electric window switches, sunroof switch, central locking motors, heater fan motor, indicator flasher relay, distributor, front and rear windscreen wiper and washer motors, electronic ignition amplifier, thermostatically-controlled radiator fan motor, horn and multi-function stalk switch.

Engine management

Engine electronic control unit (ECU).

Working materials

Oils, oil filter and anti-freeze are included only if it is essential to replace them because of the failure of a part which is included under this Agreement.

Casings

If any of the included parts fail and this damages the casing, it will also be included.

OPTIONAL PARTS INCLUDED

If the appropriate box has been selected on the Schedule that item will also be included against Mechanical Breakdown.

Four-wheel drive

All four wheel drive components are included if this item has been selected on the Schedule.

Air conditioning (factory fitted)

The air conditioning compressor unit is included if this item has been selected on the Schedule.

Turbo charger (factory fitted)

The turbo charger unit is included if this item has been selected on the Schedule.

Anti locking brake system - ABS (factory fitted)

The ABS modulator and sensors will be included if this item has been selected on the Schedule.

Mechanical Breakdown: is the failure of an item included under the 'Parts Listed' causing a sudden stoppage of function, for a reason other than wear and tear, normal deterioration or negligence. Damage caused by the effect of overheating or abuse is not regarded as a mechanical breakdown under the terms of this Agreement.
